SUMMARY

Passionate Frontend Developer focused on creating user-friendly and attractive web experiences. Detail-oriented and driven to deliver high-quality results. Eager to use front-end skills to work on exciting projects and contribute to team success. Committed to learning new technologies and improving skills to stay ahead in the field.

EXPERIENCE

Frontend Web Development Intern
ATL Tech 02/2024 - 05/2024 Baku, Azerbaijan
Tech Stack: **Vue.js, TypeScript, TailwindCSS, Pinia, Vuetify, BEM Methodology**

- Collaborated closely with senior developers and designers to grasp project requirements and objectives. I contributed to the web application for "Azerenergy" JSC, working on various features and functionalities. My role involved writing clean, efficient, and maintainable code using Vue.js, TypeScript, TailwindCSS, and Vuetify.

INDIVIDUAL PROJECTS

Starbucks Café (Starbucks Website)
https://starbucks-new.netlify.app
Built with: **React.js, TailwindCSS, GSAP**

- Developed a responsive and visually appealing frontend for a Starbucks promotional site using React and Tailwind CSS. Prioritized mobile-first design and modern CSS techniques to enhance user engagement through interactive elements and animations. Optimized React components for performance, ensuring fast load times and smooth transitions.

iPhone Titanium (Apple Website)
https://titanium-iphone-website.netlify.app/
Built with: **React.js, TailwindCSS, GSAP**

- Developed a responsive promotional website for the titanium iPhone, focusing on seamless user interactions. Applied best practices in modern web development to achieve smooth animations and transitions, enhancing the site's visual appeal and user experience
